

MUDANIA CONFERENCE COMES TO ABRUPT END

EVACUATION OF EASTERN THRACE SAID TO BE CAUSE

Brigadier General Harrington Returns to Constantinople on Battleship Iron Duke—France is Said to Have Supported Turkish Demand—Generals Ask for Instructions

(By The Associated Press)

CONSTANTINOPLE, Oct. 5.—Abruptly, the not unexpected, the Mudania conference came to a halt this afternoon. When it will be resumed is a matter of conjecture.

Brigadier General Harrington, commander of the allied forces and head of the allied delegation, returned this evening on the battleship Iron Cross, and the Italian delegation also came to Constantinople. It is understood that the allied generals will go into conference with the high commissioners on certain serious difficulties which have arisen at Mudania.

Various explanations for the separation of the delegates are given in the rumors which quickly developed here. The one most generally mentioned relates to the evacuation of Constantinople.

BRITISH CABINET HURRIEDLY CALLED INTO CONFERENCE

Unsatisfactory News
from Near East Said
to be the Cause

(By The Associated Press)
LONDON, Oct. 5.—The British cabinet met hurriedly at eleven o'clock tonight and went into anxious discussion over the Near East situation. It is understood that unsatisfactory news was received from Constantinople but the nature of the advice was not disclosed.

At the afternoon meeting of the cabinet the matter of the irreconcilable attitude of the Kemalists on certain material points was under consideration. The Greek delegates were to join the Mudania conference today and it may therefore be supposed that the government's latest advice had references to their attitude in today's session.

The Greek delegates, it is declared have no power to sign an agreement without referring it to Athens, and it is possible that delays on this account will be experienced.

Towards the close of the afternoon's cabinet council, the foreign office received a summary of the Angora government's reply to the allied invitation to a peace conference. It should be explained that it was not the tenor of this reply which caused ministerial misgiving, for the cabinet did not take the reply under advisement, leaving this matter for tomorrow's meeting of the cabinet. The reply is, in fact, to a great extent what might have been expected.

It thanks the allied powers for the return of Eastern Thrace and agrees to the proposed peace conference. It suggests but does not insist that the conference be held at Smyrna instead of Venice. The most important part of the note is its insistence that Russia and the Black Sea states should be invited to the peace conference. Apart from this demand, which is certain to cause difficulties among the allies, the note is couched in a tone of conciliation.

It is denied officially that there is any foundation for the reports that an arrangement has been made for British withdrawal from the Chanak zone, on this point the government's attitude is unchanged.

Kandia, which is reported to have been occupied by Turkish cavalry, is outside the neutral zone as established by the declaration of the allies in May, 1921; Kandia lies about 65 miles from Constantinople. According to the latest reports the Greek General Nider has gone to Thrace to assume command of the troops and it is reported that two Greek troop trains have left Saloniki for Adrianople.

SWITCHMAN MEETS
DEATH AT DIXON

Dixon, Ill., Oct. 5.—Earl T. Moran, a railway switchman was crushed to death between two cars here today. He leaves a widow and a 19-year-old "vampire." Mrs. Anna Bittner of New York today was made to appear before the Chicago police to find the missing youth who is 19 years old.

The woman sought was said to be married but separated from her husband.

STRIKING ALTON SHOPMEN MAKE NO FURTHER REPLY

Receiver W. G. Bierd is
"Standing Pat" on
Offer As Made

(By The Associated Press)
BLOOMINGTON, Ill., Oct. 5.—No reply is forthcoming from striking Chicago & Alton road shopmen here tonight, following their refusal to accept the specifications laid out by road officials.

Receiver W. G. Bierd is "standing pat" on the offer as positively the last to be made. There is a feeling of optimism as it is expected the men will finally accede.

In separate conferences there arrangements were being made for the men to return after the strike was formally called off. Tuesday, they were apprised that instead of an application each man on returning to work would be handed a paper containing the following:

"Effective October 1, agreements have been entered into between this company and employees of the mechanical department, coming under the head of six mechanical crafts. In this formation of proper and suitable associations covering each of the six crafts, as an subsequent negotiations of working agreements with them, the requirements of transportation act of 1920 and rules of the United States railway labor board will be observed.

"Each of the associations represented by the respective crafts have adopted a constitution and by-laws to govern their conduct, and which provides nominal initiation fees and dues, the initiation fee being one dollar to all members affiliated on October 1, 1922. Dues for journeymen mechanics will be 35 cents and all helpers and apprentices 25 cents.

These dues the company agrees to collect thru p.v.o.l deductions in quarterly installments in advance and turn this money over to the various associations representing each craft."

This proposal has not been accepted and the men are given until Saturday to come back or the whole plan will be withdrawn.

LAKE SEAMEN ASK GOVERNMENT'S AID

(By The Associated Press)
CHICAGO, Oct. 5.—The Lake Seamen's union which ordered its members on boats of the Lake Carrier's association to strike on October 1, has sent a telegram to Secretary Hoover asking that the government take steps to prevent the lake carriers' boats from violating the seaman's law, K. B. Nolan, secretary of the union announced tonight. Mr. Nolan said he had notified Secretary Hoover that boats were being sent out without the required quota of 65 per cent able bodied seamen in the crew.

He asserted that reports from all lake ports showed that the strike which is being waged in an effort to secure the three shift eight hour day instead of the two shift twelve hour day is most effective.

PRISONERS AFFECTED BY COURT RULING

(By The Associated Press)
CHICAGO, Oct. 5.—More than one-half of the prisoners in the state penitentiary at Joliet were declared to have been affected by the decision of the United States supreme court today upholding the constitutionality of the Illinois indeterminate sentence law.

According to Edgar A. Jonas, assistant state's attorney. Among those who will now have to begin serving sentences were Abe Schaffner and Edward ("Spike") O'Donnell, found guilty of robbing the Stockman's Trust & Savings Bank but have been at liberty for the past five years pending successive appeals.

OCTOBER 21 FIXED FOR HOMECOMING

Champaign, Ill., Oct. 5.—Saturday, October 21 was fixed to day as the date for the annual University of Illinois homecoming here. The day will be featured by the laying of the cornerstone for the new athletic stadium. Governor Len Small and other men prominent in state and university life, have been invited to attend. A parade will be a feature.

HANDS OF VAMP

Chicago, Oct. 5.—Declaring that her son had fallen into the hands of a 24 year old "vampire," Mrs. Anna Bittner of New York today was made to appear before the Chicago police to find the missing youth who is 19 years old.

The woman sought was said to be married but separated from her husband.

WIFE AND DAUGHTER WITNESS KILLING

(By The Associated Press)
STERLING, Ill., Oct. 5.—His wife and daughter saw Ray Sibley shot and killed today in his home in the village of Erie, southwest of Sterling. The fatal shot was fired over Mrs. Sibley's shoulder. Blair Denton, the son-in-law of Sibley surrendered himself after the tragedy, but refused to make any statement. The shooting was said to have been the result of a family quarrel.

It is denied officially that there is any foundation for the reports that an arrangement has been made for British withdrawal from the Chanak zone, on this point the government's attitude is unchanged.

BANKERS DISCUSS REPARATIONS AND DEBTS OF ALLIES

TRUST HEAD WOULD SUSPEND THEM FOR TEN YEARS

(By The Associated Press)

NEW YORK, Oct. 5.—The allied debts to the United States and German reparations and settlement of these problems as they may affect the industry and commerce of the United States were the outstanding topics of interest at the third and closing session of the convention of the American Bankers' association here today.

While Sir Reginald McKenna, former chancellor of the British exchequer, in an interview said he believed the new tariff law would so increase prices in this country that foreign merchants would be able to leap the tariff barriers and remain in the American market the bankers expressed the hope that "the president will not hesitate to make use of the power granted him by the new tariff law to make such adjustments in the schedules as may be necessary from time to time for a restoration of our international commerce."

Suspension of the debts of France, Italy and other European debtors of the United States for a period of ten years was recommended by President Alvin W. Kreh of the Equitable Trust company.

Any cancellation of Europe's debt to the United States at the present time would not assist either France or Italy in collecting reparations from Germany, he asserted. America must and will keep faith with Europe he concluded, but Europe must do her part and keep faith with herself.

Governor Henry J. Allen of Kansas in a defense of the Kansas Industrial relations court said that it should not be expected that every time a new contract is to be made between the miners and coal operators or between the railroad workers and railroad heads that the contract should be the basis of a vicious and costly civil war upon the helpless public.

Morgenthau Praises British

Harry Morgenthau, former United States ambassador to Turkey, in an outline of the situation in the Near East hailed the British forces at the Dardanelles under Sir John Harrington as the saviors of the civilization of the world in the last two weeks.

The convention ended in a ball tonight and a golf contest and a trip to West Point is on the program for tomorrow. The Hudson river steamers and a special train have been chartered to carry several thousand delegates and their families to the military academy, where a special military program has been arranged.

Theodore G. Smith, vice-president, Central United Trust company New York City, was elected president of the trust company division. Evans Woolen, president of the Fletcher Savings & Trust company, Indianapolis, was chosen vice-president.

A resolution offered by Francis H. Sisson, vice-president of the Guaranty Trust company of New York, reaffirming the division's stand against the removal of the American Bankers' association's offices from New York to Washington was unanimously adopted.

JUDGE SMELLS HIS
BREATH—30 DAYS IN JAIL

Lincoln, Ill., Oct. 5.—When Roscoe Smith stepped before Judge Frank Lindley in circuit court here this afternoon to be tried on a charge of bootlegging the judge stopped him in the midst of his oath to "tell the truth, the whole truth and nothing but the truth."

"Let me smell your breath," said Judge Lindley.

The judge took one whiff.

"Thirty days for contempt of court," he ordered.

Smith wobbled out with a deputy sheriff. When he is released at the end of thirty days he will be tried on the original charge of bootlegging.

THIRTY THREE ARE DEAD IN FOREST FIRES IN QUEBEC

It is Believed That Many
More Have Been Lost
in Flames

(By The Associated Press)
QUEBEC, Oct. 5.—Thirty-three persons are known to be dead and probably fifty lost, their lives in the brush and forest fire which are burning in the Cobalt district in Northeastern Ontario and in St. Maurice Valley in Quebec.

In addition to the known dead, many persons who lost their homes in the burning of six North country villages including the town of Halleybury, are reported missing.

Fifteen bodies have been recovered in Halleybury docks from Cobalt state. It is believed some of the dead were victims of a panic on the Halleybury docks in the rush to board rescue boats.

Other reports from Cobalt state that 17 bodies have been recovered from the ruins of Heapslip and Charlton, two others of the Halleybury district towns which have been razed.

The burned area in the Halleybury district extends from Cobalt state to the town of the largest town in northeastern Ontario which was only saved by a change in the winds direction last night.

Port Neuf, north of Montreal is threatened by the St. Maurice river fires. Reports reaching here state that a large fire is burning between Rivière-a-Peau and Rousseau's Mills and threatens to sweep thru the forest areas of Notre Dame Des Anges. In Halleybury the property loss is estimated at \$4,000,000. The number of homeless is said to be at least 5,000. A THOUGHT

And many people shall go and say, Come ye, and let us go up to the mountain of the Lord, and to the house of the God of Jacob; and He will teach us His ways, and we will walk in his paths—Isaiah 2:3

This is old philosophy but it is a great truth. It not only applies to utility companies but to all business rendering service to the public. If a utility or individual gives the public good service business growth naturally follows.

WHEN WAR IS PROFITABLE

A curious thing has come to

light in England in relation to the

crisis in the Near East, British

labor bodies have been meeting

and issuing strong resolutions

against England taking part in

any war growing out of the Turk-

ish invasion.

But a few months ago, when

the question of Great Britain sell-

ing arms to the countries of

Greece and other Balkan states

which threatened even then to be-

come embroiled in war, British la-

bor bodies protested against an

embargo on arms, fearing that it

would add to the English un-em-

ployment situation. In other

words, when war was to yield a

profit, English labor as well as

English capital was willing to

take its share. But when a new

war looked as if it might involve

England herself, then British la-

bor took strong stand against it.

This is a new manifestation of

the pagan theory that war is all

right when others do the fighting

and we get the money by selling

them arms, but it is all wrong

when we have to do some of the

fighting. — Bloomington Panta-

SPRINGFIELD AND LEAGUE BASEBALL

The Springfield Journal Thurs-

day morning carried an editorial

relative to that city having a team

in the Three Eye league next seas-

on. The Journal comments on

that fact that towns much smaller

than Springfield have maintained

teams year after year in the

league while Springfield don't

seem to put it across.

The trouble with Springfield in

league baseball seems to be the

propensity to "Let George Do It."

For many years Dick Kinsella

shouldered the burden of giving

Springfield league baseball but

the road was a rough one and he

it not been for the sale of a player

to the big time occasionally Kin-

sella would have gone broke. We

have attended many games in

Springfield in the days when Kin-

sella was giving the city pennant

winning teams when the grand

stand had so few people in it that

they would have to get together in

order to applaud in unison. All

that Springfield needs is to sup-

port a team when she gets one and

the problem of league baseball

will be solved.

Weather bureau officials can see no relief from the drought and also from the attending high temperatures in any section of the country except where local showers are reported. From nine cities throughout the middlewest have come reports of temperatures higher than ever before recorded for this time of the year.

At least 24 hours, which is about the limit of time the forecasters will prognosticate for, fair and generally warmer weather is predicted. The temperature has risen in the lower lake region and the north Atlantic states and has remained unreasonably warm from the plain states eastward.

One reason given for the dry and hot spell is that during September, the month of storms on the great lakes only one storm has been reported. From this center disturbances usually radiate, which result in rain and cool breezes for the eastern states.

FARMERS HAVE NO PART IN MARKETING

Bloomington, Ill.—The farmer has no part in making a market for his product and no one else is going to look out for him, Fred J. Blum, president of the McLean County Farm bureau, stated in a letter to the farmers of the county, ranked one of the richest pieceme of ground in the world. Mr. Blum said:

It is only as a great body of members in each county act solidly together that the bigger organizations can have the force, financial support and moral influence to carry their plans to complete success. This is the time for straight-forward red-blood farm organization work."

CHAPIN HOUSEHOLD SCIENCE CLUB MET

Mrs. Dan Smith Entertains Club Members at Her Country Home Wednesday Afternoon—Other News From Chapin and Vicinity.

CHAPIN, Oct. 5.—A very pleasant afternoon was spent with Mrs. Dan Smith at her country home where the members of the Chapin Household Science club met Wednesday afternoon, October 4, for their semi-monthly meeting. The role call was very interesting, sayings of Edgar Guest being given. Mrs. Stewart's paper on the Panama canal, was well prepared and proved very interesting. Mrs. J. H. Eiler led the table talk on the subject of "The Season You Like Best, and Why?" Each member spoke of their preference and as a result the talk was indeed enjoyable.

The club is planning on their open meeting to be held in November, when all the families meet to enjoy this annual affair.

After a very happy social hour Mrs. Smith, assisted by her sister, Mrs. Albert Knoepfle of Bluffs and Mrs. H. O. Smith, served a most elegant one course luncheon to meet with Mrs. H. C. Anderson for their next meeting.

The "Gleaners" of the Chapin Christian church, held their White Elephant sale on Saturday afternoon which proved to be a very paying proposition, and it is possible the class may make it an annual affair. They cleared \$46, having served pie, coffee, hamburgers, orangeade. The class, numbering 26, motored to Manchester Tuesday, where they spent the day with Mrs. Charles Leitz, a former member of the class. They took well filled baskets and at the noon hour a bountiful luncheon was served.

The Pastoral Helpers met with Mrs. Charles Nerganah on Thursday afternoon. A goodly number was present and a splendid program was given. The hostess served attractive refreshments at the close of the program.

Miss Dorothy Kennedy of the Community high school faculty, spent the week end with her family in Waverly. Master George Sterling Taylor was her guest, returning Sunday evening.

SOIL CONDITIONS ARE UNFAVORABLE

This is Statement of George C. Bryant Statistician For Indiana For Central States Issued Recently.

INDIANAPOLIS, Ind.—Soil conditions throughout Illinois, Indiana and Michigan are somewhat unfavorable, according to George C. Bryant, agricultural statistician for Indiana, who issued his semi-monthly report of crop conditions in the three states recently.

"But little rainfall has occurred and temperatures were very high at the close of the period," Mr. Bryant said.

"Most of the corn is cut off the way of frost damage, but the crop matured very rapidly at the close and some of it will be quite chaffy. Silo filling is nearly completed.

"Seeding of winter wheat and rye has been brought to a stand still in practically all localities in Illinois and Indiana because of the soil conditions but seeding in Michigan is nearly completed on a decreased acreage.

"Pastures are of little feed value. Clover seed yield were not up to expectations.

"Potatoes are not turning out well. Some frost and not damage in Michigan and some in Illinois and Indiana.

"The yield of beans in Michigan has been poor to fair with the crop nearly all harvested at this time.

"Truck crops generally have been good.

"Apple production is much larger than usual, but the quality is not very good. The Michigan grape crop is exceptionally large and the quality good. Peaches are all gone. Pears fair.

"All live stock is in good condition.

BROOK MILLS HAY BARN IS DESTROYED

Large Quantity of Straw and Hay Burns—Property In Neighborhood Also Endangered.

Fire of unknown origin, which destroyed a hay barn of the Brook Mills located on Capps avenue early Thursday afternoon for a time endangered the entire neighborhood.

The fire was discovered about one o'clock and evidently had been burning for some time as flames soon enveloped the entire structure. All of the residences in the immediate vicinity have shingle roofs and at one time seven of them were afire.

A quick response was made by the fire department and as there was no chance of saving the barn the department turned its attention to saving adjoining property and by hard work succeeded.

The department then pulled down what was left of the framework of the barn and also scattered the bales of straw and hay and water was played on it all afternoon before the flames were extinguished.

McNamara and Heneghan are proprietors of the Brook Mills. Mr. McNamara was out of the city yesterday and it was impossible to learn what insurance was carried on the building and contents. Chief Hunt said there was about fifty tons of straw and a quantity of baled hay in the barn. The loss probably will run to several thousand dollars.

ELECTRIC RAILWAY MEN TALK ABOUT JITNEY SERVICE

Indorse Motor Busses as Sat- isfactory for Light Traffic

(By The Associated Press)

CHICAGO, Oct. 5.—Buses operated by responsible transportation companies were indorsed as satisfactory in light traffic and unregulated jitney service assailed as unsound and uneconomical by railmen and committees today at the American Electric Railway association convention.

"Motor busses and jitneys," declared Carl H. Jackson, public service commissioner of Wisconsin, have been demonstrated to be impossible as substitutes for street railways and insofar as they acted as competitors paralleling routes their service was uneconomical and represented an inefficient duplication of facilities."

A special committee consisting of operators of both buses and electric railways reported after a

SPENS WILL ASK RAILROADS FOR CO-OPERATION

Will Seek to Improve Facili- ties for Moving Na- tion's Coal

(By The Associated Press)

WASHINGTON, Oct. 5.—Federal Fuel distributor Spens held an all day conference today with members of his advisory committee of railroad executives headed by Daniel Willard, president of the Baltimore & Ohio at which a number of concrete propositions for improving and increasing transportation facilities affecting coal were agreed upon.

The suggestions will be placed directly before the presidents of all railroads with a request for co-operation in putting the policies into effect nationally.

Railroads will be required to discontinue all maintenance and construction work requiring use of locomotive power and railroad cars or reduce it to the minimum, to unload all cars fit for fuel carriage now filled with railroad materials to check yards and stations for surplus cars and to expedite return of foreign cars to the lines which own them.

The roads will be asked further to use influence with coal mine operators and shippers to bring about the capacity loading of freight cars operators will also be asked to restrict the length of coal shipments in order that consuming centers may be supplied from the nearest sources and cars and locomotive power accordingly released for long hauls for shorter and more frequent.

REGISTRATION DATES FOR NOVEMBER ELECTION

County Clerk G. L. Riggs has received a number of inquiries recently as to the dates for registration in this county prior to the November election. Mr. Riggs has called attention to paragraphs from the registration laws, which provide that Oct. 17 and Oct. 31 shall be the registration dates. On these dates the election judges will be at the polling places throughout the county, and all persons who are in doubt as to whether or not their names appear on the poll books should register at the proper polling place.

FREE CLINICS FOR
ANIMALS PROPOSED

Duluth Veterinary Would Care
For Animals Where Their Owners Cannot Afford to Pay.

ST. PAUL, MINN.—Free clinics for animals whose owners cannot afford to pay for their care was urged by Dr. F. L. Ober of Duluth, Minn., county veterinarian, in an address here recently before the convention of the American Veterinarians Association.

"I should be glad," said Dr. Ober, "to devote several hours weekly to charitable cases if a place for a clinic were furnished. We have this kind now, though under the head of 'bad pay.' Who can blame the boy who brings in his sick or injured dog even if he knows he can never pay? He would not be much of a boy if he would not lie for his dog. The fault lies with us for not furnishing some means for his dog's care when he is unable to pay."

"Our profession has advanced and we have found that our work can be carried on more successfully if we adopt a policy of humane treatment."

We have found that our operations carried on with anaesthetics are more likely to be successful. The veterinarian who has the fundamental principles of humanity should be a leader in his community for education of his clients along these lines. He should teach them that cruelty to animals is wrong.

"I believe it should be the duty of the S. P. C. A. to take over the work of collecting unlicensed dogs and possibly cats. Many dog pounds I have seen have not been examples of cleanliness of humanity. I thoroughly believe that if the income of licenses and sale of animals would support this animal refuge, this work could be extended to that of a small-animal hospital, as is done in New York City."

"Records show that the horse is not leaving the cities and I think it is the duty of every branch of this organization to see that we have animal ambulances, particularly in our large cities. The vivisection of early days does not to my knowledge exist. Most animal experimentation does not cause great suffering. Anaesthetics are often used and sanitary methods are necessary."

BAPTISTS CLOSE
THEIR MEETING

Banquet Was Feature Thursday—Officers Reelected.

The principal feature of the closing of the Morgan-Scott county Baptist Association held at the Baptist church Thursday evening was the banquet given by the B. Y. P. U. organizations in the association and to which all Baptist young people of the city and country were invited. It was held in the basement of the First Baptist church and was followed by an informal program of toasts. The banquet was served by the ladies of the church and was enjoyed very much by the young people. The program following the banquet was as follows:

Toastmaster—Leon Stewart.

Invocation—Dr. A. E. Peterson.

Song Service—Conducted by Homer Wood.

Cheers—Lead by Arthur Howells and Elizabeth Hardesty.

Remarks—by toastmaster—Leon Stewart.

Toast—"Move Up"—C. H. Story.

Vocal Solo—Miss Armstrong, Conservatory of Music.

Toast—"Move Out"—W. R. Johnson.

Toast—"Move On"—Rev. L. E. Riley.

Singing—Lead by Homer Woods.

Concluded with song, "Brighten the Corner, Where You Are"—Homer Woods.

There were about 75 young people present representing Waverly, Ashland and Pisgah.

During the business session Thursday morning, A. A. Curry was elected moderator and Mrs. W. A. Barrow of Waverly, clerk and treasurer. The association chose Rev. A. P. Howells as its representative on the board of general managers of the Baptist state convention and elected as delegates C. O. Swift of this city and Rev. Allen of Waverly. A resolutions committee composed of Rev. A. P. Howells, Ernest Walbaum, and E. C. Rutherford drew up a set of resolutions which were adopted. They read as follows:

Resolved: That we regret that the condition of our national life is causing many country churches to be abandoned and the country membership scattered, and we at this time deplore the passing of old Diamond Grove church which had reached the mature age of 99 years.

Resolved: That owing to the fact of the dwindling number of churches now composing the Morgan and Scott County Baptist Association that a committee of five be appointed by the moderator to report next year as to the advisability of this association uniting with some other to form a larger organization.

Resolved: That the following be added to the Rules of Order: "The pastor of the church where the next session shall be held, together with the Moderator and Clerk of the Association, the Chairman of the Sunday School Committee, the President of the Association Women's Missionary Society and also the president of the Association B. Y. P. U. shall be a committee to prepare a program for a next meeting."

Resolved: That the following also be added to the Rules of Order: "After the organization, the Moderator shall appoint the following committees: New World Movement, Nomination, Charitable Institutions Sunday School and B. Y. P. U., Place and Preacher, Resolutions, Obituary, Statistics, Credentials, and Publications."

Resolved: That this addition be added to the Rules of Order: "The Rules of Order may be amended by a majority of members present at any annual meeting of the Association."

Resolved: That we express our hearty appreciation to pastor, A. P. Howells and the First Baptist church of Jacksonville, Ill., for their most cordial and delightful entertainment of the 17th Annual Session of the Morgan and Scott County Baptist Association and that we include in this a vote of thanks to the Jacksonville Journal and the Jacksonville Courier for their splendid reports of the meeting.

Resolved: That we as an association continue to support the fundamentals of the Bible as the only rule and guide of our faith.

Resolved: That religious teaching in the public schools is woefully neglected and that we recommend that wherever feasible, that religious instruction be introduced into the public schools, with due credit for same.

Whereas, The outlawed liquor continues to be the arch-anarchist of the ages;

Therefore, Resolved: That while supporting our own church temperance organization, we give fullest endorsement to the Anti-Saloon League as the agency of the federated churches in their fight against this sum of villainy, including the effort for the return of the traffic through the avenue of beer and wine.

With our last Northern Baptist Convention, "we call upon our churches and people not only to continue, but largely to increase their moral and financial support of this tested agency for the accomplishments of those phases of the enforcement, conservation and extention of prohibition which can not be wisely undertaken or successfully carried through by any single denomination."

We will regularly welcome to our pulpits representatives of the League to present its claims.

Respectfully submitted,

Rev. A. P. Howells,
Earnest Walbaum,
Rev. Farnest Rutherford,

Favorite Lodge No. 376 Knights of Pythias, held its regular meeting in Castle Hall Thursday evening with a large attendance.

Howard Arundell was given the rank of Page. Hugh P. Green was named as delegate to the district convention to be held at Winchester the last of this month. Jewell Scott made an interesting report on the state meeting held at Decatur last week.

**FULL REHEARSAL
THIS EVENING**

The orchestra training school of the College of Music of Illinois Woman's College will hold full rehearsals tonight in music hall at 7 o'clock. All members are requested to be on hand whether or not they have made arrangements for instruments or places in the orchestra.

**ROCK ISLAND WILL
OBSERVE BIRTHDAY**

Commemorative Medal Has Been
Struck—Was First Road to
Reach Mississippi River.

On October 10 the Rock Island railroad will observe its seventieth anniversary. It was the first road to reach the Mississippi River and the first to span that great river with a bridge to the vast empire beyond.

As a feature of the event the officials of the road have had a commemorative medal struck which is being distributed among friends and employees with the request that it be worn on the date of the anniversary.

One of the medals has been received by a Jacksonville resident. It is of handsome design. One side is a profile of Abraham Lincoln who as counsel of the Rock Island successfully carried out the fight for the bridge. On the other side is a face simile of the old bridge.

That bridge has since been replaced with a double deck steel bridge which is one of the most modern on the Mississippi. It carries double railroad tracks, double street railway tracks and vehicle roadways and a footpath on each side.

ENDS VISIT IN CITY

Miss Janet Alexander left yesterday for her home in Chicago, after a visit of two weeks at the home of Miss Sue Cassell in this city. Miss Cassell accompanied her as far as Springfield and will there visit friends for a number of days before returning to this city.

**CARITAS LODGE
GAVE RECEPTION**

Mrs. Myrtle Tandy is Honored at Regular Meeting Last Night—Received Several Gifts.

Mrs. Myrtle Tandy who was recently advanced to the office of vice president of the International Association of Rebekah Assemblies at the session held in Detroit, was honored by members of Caritas Lodge at the regular meeting held Thursday evening.

Following the business session the program as given in the Journal was carried out. As a surprise the past noble grand of the lodge put on a mock wedding with Miss Haigrove as the bride, Louis Piepenbring as the groom, and Mrs. J. J. Reeve as the minister. The wedding made a great hit with the audience.

Mrs. J. J. Reeve, past president of the state assembly, then presented Mrs. Tandy with an India shark traveling bag from the lodge, an ivory brush and comb set from the past noble grand, and other ivory articles from the officers of the lodge. Mrs. Tandy expressed her appreciation for the gifts and the spirit which they expressed.

This was followed by an informal reception. Mrs. Tandy then led the march to the dining room where refreshments were served. There was a specially decorated table at which were seated Mrs. Tandy, Mrs. J. J. Reeve, Mrs. A. C. Baldwin, Mrs. O. N. Barr, and Mrs. J. L. Tayman.

The social committee was composed of Mrs. Lydia Crabtree, Mrs. Edna Roberts and Mrs. Charlotte Suiter.

**MOVIES TO BEGIN
AT HIGH SCHOOL**

Many people will be interested in knowing that the movies at the high school will soon be going in full swing, according to plans announced by Mr. Shafer Thursday. Last year many people were pleased with the picture shows given every Tuesday in the high school auditorium and will be on hand at the final entertainment that will be held with in a few weeks.

One of the picture machines is out of order and is in the factory for repairs, but as soon as it is returned to the school, the shows will begin within a few days from that time. It is possible that the machine will be back in time to give the first show on October 17, but if the shows are delayed a few days longer, they are expected to be going full swing by November 1.

Many entertaining and educational films will be shown this year and will be well worth any one's time that desires to attend. The attendance is not limited to students, but friends and relatives of the students are urged to come. The admission fee will only be 10 cents, so a large turnout is expected and hoped for at the first show this year.

Mendel Beilis was an interna-

for Jewish ritual.

Today, Beilis is running a

Your shoe troubles

are frequently caused by your foot troubles. Run-overheels is a very prevalent shoe trouble and in most cases is produced by weak ankles. When the ankles are weak the weight of the body is thrown on the inner side of the heel and the shoe quickly shows the results.

**Dr. Scholl's
Foot Comfort Appliances**

will immediately correct this trouble by equalizing the body's weight. These devices strengthen the weakened ankles and arches and overcome many of your expensive shoe troubles.

Bring your shoe troubles to our Foot Comfort Demonstrator. He knows feet as well as shoes. No charges or obligations for this exceptional service. Learn how to increase the wearing qualities of your shoes, and enjoy foot comfort.

PROCLAMATION OF KU KLUX KLAN

The Journal has received the following from the local branch of the Ku Klux Klan with the request that it be given publication. It follows:

Jacksonville Journal, Jacksonville, Ill.: Gentlemen, kindly print this proclamation in your next issue:

To all Klans and Klansmen and to all American citizens who believe in their country and want to see its every interest protected, greeting:

Whereas, the Knights of the Ku Klux Klan has been organized for the purpose of safeguarding and protecting those things in and for America which are fundamental to the greatness of the nation and are the things for which our fathers fought and died to preserve and perpetuate in America; and

Whereas, for the past few months the Knights of the Ku Klux Klan has had trained investigators quietly at work seeking to find the real cause for the present social, industrial and moral unrest in America; and

Whereas, these investigators have uncovered an organized effort to disrupt national unity and to undermine the morals of American youth and to destroy every vestige of patriotism and to, if possible, overthrow and undermine the foundation principles of the American government and to encourage disrespect for the courts of the land, mob violence, sabotage and every known form of lawlessness; and

Whereas, our investigators have found the hairy claw of Bolshevism, Socialism, Syndicalism, I. W. W. and other isms destructive to American system of government and, startling but true, our investigators have found the tentacles of the isms gripping at the throat of our public school system, breeding unmitigated in our lawmaking bodies, insidiously throttling our daily press and even forcing its blasphemous way into the very homes of the people of America; and

Whereas, we believe that Klans and Klansmen and American citizens are entitled to the facts in full detail which have been, through months of careful work, dug up by our investigators, and that if these facts are given to Klans and Klansmen and real Americans, that they will be so thoroughly aroused to the danger in their midst that much will have been accomplished towards the suppression and destruction of the forces now in America working toward the undermining of those real fundamentals upon which this nation was established and has been built and which must be preserved if the nation is to maintain in the future its high standard amongst the galaxy of the nations of the world;

Therefore, I, Edward Young Clark, Imperial Wizard pro tem of the Knights of the Ku Klux Klan, do hereby officially proclaim as follows:

First—That acting upon the startling and indisputable facts dug up by the investigators of the Klan concerning the activity of the alien enemies the Knights of the Ku Klux Klan does here and now declare war to the bitter end upon all those in America who are seeking in an insidious and powerful manner to undermine the very fundamentals of the nation;

Second—It has been decided to give the facts to Klans and Klansmen through the regular channels and to all America through a series of startling articles, which are to be published in the *Searchlight*, which publication has fearlessly backed the

Giants and Yanks go 10 Innings Without Result

(Continued From Page One)
Shawkey, after the second inning improved steadily and the Giants made but three hits off his service in the last eight innings.

Barnes spotted to a three run lead before he even walked into the box, was often in trouble. But with perfect support at all times he would have won, as the Yankees earned but two of their runs while the Giants cleanly hammered all three of their counters across the plate. Both Groh and Frisch had got on base with singles before Meusel's homer sent them across the plate.

It would have been a heart-breaking game for either Shawkey or Barnes to lose. Each was found for eight hits altho four off Barnes went for extra bases, each issued two passes and the detailed pitching analysis reveals that Shawkey pitched 146 balls while Barnes threw only one more to the plate. But Shawkey hit hard in the first inning when the Giants scored all their runs on Meusel's Homer and wobbly for the next two frames, steadied and was practically invincible for the remaining seven innings. Barnes on the other hand pulled himself out of several tight places by his skillful change of pace. Mixing his tantalizing slow ball with a curve that cut the corners sharply, he choked off several budding rallies, whiffing Ward in the sixth and Dugan in ninth with a man on second each time.

Jess was hit harder than Shawkey toward the close of the game but except for the fourth when Ward belted his Homer and a brace of doubles by Ruth and Bob Meusel in the eighth that tied the score he held his rivals in check. Almost every rooster in the leachers peeled off his coat, and so did the fans in the upper grandstand. But those in the more secluded seats down below kept their coats on.

The crowd was bigger than on any day during the 1921 series, and the money paid to sit in on today's session—\$120,554—was the highest sum ever deposited into baseball's coffers for one game.

Third Tie in World's Series
It was the third crowd that has seen a tie in the world's series game. The first was in 1907 when the Chicago Nationals and Detroit Americans quit fighting after 12 innings had produced a 3 to 3 deadlock in the first game of the series. In 1912 the Giants and the Boston Americans played their second clash to a 6 to 6 tie in 11 innings.

Both Shawkey and Barnes took their time this afternoon and the game dragged along for two hours and forty minutes. Shawkey massaged the ball with great care before every pitch and Barnes' lazy floater reminded one of the slow motion pictures.

It was the best thing he had. Shawkey relied on a curve that broke beautifully after the third inning.

Barnes tried exceedingly hard to fool Babe Ruth with his slow ball. For a time he succeeded but in the eighth inning the Babe choked his bat and when Jess eased one toward the plate the fam-

ous home run slugger hooked it to left field for two bases. Pipp's long fly to center field permitted him to reach third from where he scored when Bob Meusel slumped a two bagger, flying close to the turf into center field. Ruth and Frisch stood out among their teammates in all around work.

Details of the pitching analysis shows that Barnes pitched 57 balls, and 37 strikes, while Shawkey twirled 50 balls and shot over 32 strikes. Twenty-two foul strikes were knocked off Shawkey's delivery and 12 off the Giant moundsman.

The Yankee outfield gathered in seven files to but three for the Giant defensive workers, while 17 infield outs were credited to the Yanks and 21 to the Giants.

can citizens are entitled to the

facts in full detail which have
been, through months of careful
work, dug up by our investiga-
tors, and that if these facts are
given to Klans and Klansmen and Ameri-
can citizens, that they will be so thor-
oughly aroused to the

danger in their midst that they will
have been accomplished.

are frequently caused by your foot troubles.

Run-over heels is a very prevalent shoe trouble

and in most cases is produced by weak

ankles. When the ankles are weak the weight of the body

is thrown on the inner side of the

heel and the shoe quickly shows the results.

**Dr. Scholl's
Foot Comfort Appliances**

will immediately correct this trouble by equalizing the body's weight. These devices strengthen the weakened ankles and arches and overcome many of your expensive shoe troubles.

Bring your shoe troubles to our Foot Comfort Demonstrator. He knows feet as well as shoes. No charges or obligations for this exceptional service. Learn how to increase the wearing qualities of your shoes, and enjoy foot comfort.

Have Your
Eyes Changed

There is a slow but constant change in every person's vision. Glasses that fitted you perfectly a few years ago are probably entirely unsuited to the needs of your eyes today. Every person who wears glasses should have their eyes examined at least every two years.

Call and see us and let us find out whether you're wearing the proper lenses. If a change of lenses is necessary, we will furnish them promptly and reasonably.

We guarantee a correct fitting and absolute satisfaction in every case.</
